

SENATE AND HOUSE
VOTE DOWN WILSON'S
VETO OF LIQUOR LAW

Pass Strong Enforcing Act for Both War-Time and Constitutional Prohibition by Two-Thirds Majority.

BILL GOES INTO
EFFECT AT ONCE

Upper Chamber Decides by Vote of 65 to 20—Lower Records a Majority of 176 to 55.

By United Press.

WASHINGTON, Oct. 28.—The national prohibition enforcement bill, providing strong laws for both war-time and constitutional prohibition became law this afternoon when the Senate by a vote of 65 to 20 overrode the veto of President Wilson of yesterday.

Similar action was taken by the House late yesterday.

The Senate had eight votes more than the necessary two-thirds.

The bill becomes effective at once.

Thirty-eight Republicans and twenty-seven Democrats voted to over-ride the veto. Nine Republicans and eleven Democrats voted to sustain the veto. Among Republicans voting to over-ride the veto was included Senator Spencer.

Wilson Won't Lift War Ban.

By United Press.

WASHINGTON, Oct. 28.—President Wilson has no intention of lifting the war-time prohibition ban until the Peace Treaty is ratified by the Senate, it was learned at the White House today. The President is expected to lift the ban as soon as he feels that he has the legal authority to be so, and no sooner.

Indications yesterday point to the over-riding of the President's veto of the Prohibition Enforcement Act. Drastic laws enforcing war-time and constitutional prohibition may become statutes before the present Senate adjourns, despite President Wilson's veto.

The Senate is expected to show the same sentiment as the House.

An attempt to call up the Enforcement Bill will be made in the Senate before it convenes, it was learned this afternoon. Prohibition leaders hope that the bill will pass over the President's veto.

House Acts Without Delay.

The House last night passed the Prohibition Enforcement Bill within less than three hours after the President's veto of the Enforcement Bill. The vote was 176 to 55, which was 22 votes more than the necessary two-thirds.

Will Test Constitutionality of Act.

NEW YORK, Oct. 28.—Hugh F. Fox, secretary of the United Brewery Association, said today that his organization would bring suit to test the constitutionality of the war-time and constitutional prohibition bill. It is said that the association had been advised by counsel that the law is unconstitutional.

Contracts to Be Let This Winter—Work Will Begin in Spring.

Mayor Gordon said the City Council will probably appoint an engineer to take charge of the construction work at its next meeting. The contracts will be let and the surveys made during the winter. The actual work of construction will not begin until spring.

As soon as the bonds are received by the Compton Company in St. Louis the amount of the bonds will be deposited in Columbia banks. It was thought for a time that the money would be kept on deposit in St. Louis, but Mayor Gordon says that this is not the case.

CABINET WILL MEET

Method by Which Demands of Strikers May Be Met to Be Discussed.

By United Press.

INDIANAPOLIS, Ind., Oct. 28.—With the final decision of the coal miners on the strike, scheduled for midnight Friday only twenty-four hours distant, there appears today to be little possibility that the order will be rescinded.

The executive committee of the United Mine Workers, twenty-five district presidents and the miners' scheduled committee will meet at 10 o'clock tomorrow morning to draft an answer to the appeal of President Wilson.

In the opinion of men at the miners' headquarters here, the answer to the President will say that the strike will be carried out unless the miners' demands are met. Preparations for the strike are continuing.

Union officials predict that the strike will be 100 per cent effective.

Cabinet Considers Coal Strike.

By United Press.

WASHINGTON, Oct. 28.—President Wilson's cabinet, meeting in regular session today, will consider the threatened coal strike and complete plans for a new national industrial conference. The cabinet meeting has been postponed until 4 o'clock this afternoon.

A. Mitchell Palmer, Attorney-General, and William B. Wilson, Secretary of Labor, are working today on plans for the enforcement of the law passed on the conspiracy section of the Lever Food and Fuel Act. They will report to the cabinet this afternoon.

There will probably be brought before the cabinet today a method by which the demands of the miners and the counter propositions of the operators may be arbitrated in case both factions consent to the arbitration plan proposed by the President.

The matter of bringing pressure to bear on the operators as well as on the miners to effect a settlement of the strike, will also be discussed.

MRS. HILL TALKS TO NEW VOTERS

Woman's Suffrage Club Elects Officers—Mrs. Wrench Is Chairman.

The Woman's Suffrage Club met yesterday afternoon in the Commercial Club rooms for the purpose of re-electing officers and discussing the citizenship school. Mrs. J. E. Wrench was chosen chairman of the organization. Mrs. I. R. Thomas, vice-chairman, Mrs. George Venable, treasurer, and Mrs. C. P. Algeo, secretary.

In the future the club will spend its time working on problems dealing with women voters and will take an active part in the running of the citizenship school.

It is necessary that the constitution of the organization be changed in order that the club might assume the new responsibilities. A committee will be appointed by the chairman in the near future to investigate the new constitution of women voters.

Mrs. A. Ross Hill, in speaking of what the aims of the women voters in the future should be, said:

"The aim of the new women voters should be to insist that the two parties adopt constructive platforms instead of platforms which vituperate the opposing party. All women should stand together in an effort to secure legal equality for women."

A NEW \$50,000 DRIVE

Gray and McAlester to Head Christian College Campaign—Starts Nov. 17.

R. H. Gray and Berry McAlester were named captains in charge of the Christian College drive for Columbia and Boone County at a meeting of the Commercial Club this morning. The club also passed unanimously a resolution endorsing the campaign to raise \$50,000 for the college in Boone County, as a part of the \$2,000,000 to be raised for schools of the Christian church in the state. Mr. Gray and Mr. McAlester will announce the members of their committees in a day or two.

The campaign for Boone County will be launched November 17 and will last about two weeks, ending just before Thanksgiving. The amount to be raised is the same as was raised in the county for Stephens College within the last month. Christian College plans to spend \$100,000 for a dormitory here.

COLONEL HODGE 80 YEARS OLD

Confederate Veteran Greets His Friends Today at Courthouse.

Col. Eli Hodge, Confederate veteran and active Columbia business man for the last half century, is 80 years old today. Steady of hand and clear of eye, he spent the day greeting friends at the county treasurer's office, where he is working in the absence of his nephew, George Thompson.

Born in Mount Sterling, Kentucky, Colonel Hodge came to Boone County in 1857. He farmed near Columbia until the outbreak of the Civil War when he joined General Joe Shelby's division as a private. Cessation of hostilities found him at Corsicana, Texas, with the rank of a colonel. He was injured but once. At the close of war Colonel Hodge, with 600 other soldiers, went with General Shelby into Old Mexico, where they remained for three years. In 1868 Colonel Hodge returned to Boone County. He married Miss Mary L. Craig the same year.

He was elected in 1874 to the office of county collector. From this office he went into the grocery business for three years, then into the Columbia postoffice as postmaster under Cleveland's first administration. With the subsequent election of the Republicans, Hodge became a member of the book and stationery firm of Hodge, Borroughs and Vivion. From 1896 to 1898 he was deputy circuit clerk of Boone County. In 1899 Hodge became bookkeeper of the Columbia Savings Bank and at the same time chairman of the Columbia school district, which positions he held for fifteen years.

Colonel Hodge now lives with his wife and daughter at 1408 Bass avenue.

Colonel Hodge has no hobby. Once he was very fond of horseback riding.

"When I first came to Columbia, ten steps from the Wabash depot would take you out in the wilderness. There were no business houses east of Tenth street and no houses west of Flatbranch but those occupied by Jefferson Garth and Col. Frank Russell. Republicans too were an oddity around this part of Columbia," he remarked reminiscently.

Dinner for Foreigners Tonight.

Hart and will be given by the foreign students: Egyptian poem, Mr. El Driny; piano solo, Mr. Alava; Spanish poem, Mr. Carlonel, and a Japanese-Hawaiian song, Mr. Matada.

By United Press.

MUSKEGON, Mich., Oct. 28.—Twelve persons are known to have lost their lives today, when the steam City of Muskegon dashed against a pier at the harbor at Muskegon.

There were seventy-two persons on board when it left Milwaukee last night, officials said. Twelve bodies were recovered, and forty-two account for.

Disaster Occurs in Gale.

By United Press.

MUSKEGON, Mich., Oct. 28.—Ten persons are reported to have drowned this morning when the lake steamer City of Muskegon was blown into a pier half a mile off shore and partly wrecked. Seven bodies have been recovered.

A 60-mile gale was blowing at the time of the accident. The vessel went down at 4:30 o'clock this morning. Wallowing in a heavy sea, she attempted to pass between piers which extend a mile out into the lake. A wave caught her at the entrance and dashed the steamer broadside against one of the piers. She sank in ten minutes.

The City of Muskegon carried thirty-seven passengers and a crew of thirty-five.

The passengers were caught asleep. For ten minutes the vessel rested on the pier, so that some of the passengers had time to dress and gather their belongings. Some jumped from the deck to the pier, or slid down ropes. A few were forced to dive into the water. Others were caught.

In the confusion some may have made their way to the shore before the officers had time to check the survivors. It is believed, however, that ten have perished.

ACT ON TREATY SOON

Leaders in Senate Call for Vote on Shields-Moses Amendments.

By United Press.

WASHINGTON, Oct. 28.—Prospects for early action on the treaty again looked bright today when administration leaders called for a vote on the Shields and Moses amendments.

The amendment on this subject was defeated yesterday.

"An attempt to fix a definite date to vote on the Peace Treaty should be made," Senator Fall of New Mexico said, "unless leaders move for an early disposal."

Fall's announcement came during a debate on the prohibition bill, and following a statement made by Senator Thomas of Colorado, Democrat, to the effect that a time for voting should be fixed at once.

"CINDY" CAST ENTHUSIASTIC

Director Costello Thinks His Material Will Make Good Players.

"Despite the rainy weather yesterday, most of the 'Oh, Oh, Cindy' cast were present for rehearsals, and work started off with a bang," said E. J. Costello, director of the show. "The groups that have been selected from the University and the colleges are about the best that I have ever dealt with. Rehearsals will be held on the first four days of the week. I am not quite ready to publish the names of the principals in the cast, as there may have to be some changes within the next few days."

Owing to the fact that there is no heat in the Hall Theater, the cast will use the Elks Lodge for its meetings.
